Copper Hill

Intern: Product Management

Location: Livonia, MI

Paid Internship

JOB DESCRIPTION

We are seeking a motivated and curious intern to support our Product Management team on the business side of our operations. This role is ideal for someone who enjoys solving problems, is both analytical and creative, and communicates well with others. You'll help drive business initiatives, support product launches, and contribute to the ongoing success of our software platform.

Essential Duties and Responsibilities:

- Support product managers in organizing and tracking project tasks
- Help prepare presentations, reports, and documentation for product launches
- Participate in meetings to understand business needs and priorities
- Collaborate with cross-functional teams (marketing, sales, development) to support product initiatives
- Contribute ideas for improving business processes and product offerings
- Take part in product training and documentation for users
- Help with Market research
- Learn competitive analysis

QUALIFICATIONS/PREFERENCES

- Some knowledge of UX design
- Enjoys solving problems and tackling new challenges
- Analytical thinker who also enjoys being creative
- Communicates effectively and enjoys helping others
- Has an interest in technology and applications
- Can manage tasks and stay organized in a fast-paced environment
- Curious and eager to learn about product management and business operations
